

GLOBALedit®

Online Talent Approvals

Industry standard talent approval system used by the world's leading entertainment companies

“Our group services a very large client base and huge amount of photography. GLOBALedit® is the solution we chose to manage both our production volume and the scale of the jobs we service.”

Christopher Grakal, VP Photography & Digital Asset Management, Turner Broadcasting

Provide talent with an easy to use system to approve images and quickly create collections of approved art for distribution.

Trusted by companies like Nickelodeon, Warner Bros., Starz, Turner Broadcasting, NBC Universal, and Showtime Networks.

APPROVAL GALLERY

A simple interface for talent to mark approvals for network television and film studio marketing and publicity departments

- Easy to use interface designed for busy, non-technical users
- Notes feature provides easier communication between talent, publicists, and marketing departments
- Apply watermarks for enhanced security when sending images

GALLERY MANAGER

Track pending, in progress, and finished approval galleries

- Send images from any library or lightbox
- Generate and share comprehensive Approval Gallery reports for legal teams, business affairs, publicists, and talent representatives
- Quickly create collections of approved art for distribution to photo editors, retouching and layout artists, and publicists for distribution
